

ANDRII IVANIUK

QA Engineer | Manual & Automation Testing

andii.ivaniuk@gmail.com | www.linkedin.com/in/andrii-ivaniuk-838631315 | Valencia, Spain

1. SUMMARY

QA Engineer with 1+ year of hands-on experience testing B2B SaaS web applications through manual and automated testing. Experienced in functional, regression, exploratory, end-to-end, accessibility, and AI chatbot testing, with hands-on experience using Playwright/Selenium and JavaScript. Experienced in investigating AI chatbot behavior through Langfuse observability traces, with a strong focus on defect identification, structured test coverage, and collaboration in Agile development teams.

2. CORE SKILLS

Testing: Manual Testing, Functional Testing, Regression Testing, Exploratory Testing, End-to-End Testing, Integration Testing, Accessibility Testing (WCAG), UI Testing

Automation: Playwright, Selenium, JavaScript

AI / LLM: AI Chatbot Testing, Conversational UI Testing, LLM Observability, Langfuse

API: Postman, REST APIs (self-directed learning)

3. PROFESSIONAL EXPERIENCE

QA Engineer | Strikezone Inc.

Aug 2025 – Sep 2026

B2B SaaS web application

- Performed manual testing across functional, regression, exploratory, and non-functional scenarios.
- Designed and maintained test cases, test scenarios, checklists, and end-to-end test coverage.
- Developed and maintained automated UI tests using Playwright/Selenium and JavaScript.
- Tested AI-powered chatbot and conversational UI functionality, including conversation flows, edge cases, and unexpected user inputs.
- Used Langfuse observability traces to investigate chatbot behavior, execution flow, and latency.
- Identified, documented, and tracked defects with clear reproduction steps and expected/actual results.
- Performed accessibility testing based on WCAG principles and collaborated with developers in an Agile environment.

Customer Support Specialist | Zone 3000

Jun 2022 – Aug 2022

Project: Namecheap

- Processed customer requests through a ticketing system and text chat.
- Handled customer issues in the interests of both customers and the company.
- Compiled and generated customer-related reports.
